Insurance Preparation Package

USER-REPORTED INSURANCE PREPARATION — NOT A SUBMITTED CLAIM

This package organizes user-reported information. It is not a submitted claim. Contact your insurer through an independently verified official channel to confirm required forms, evidence and submission procedures.

Fictional educational prototype. These are user-confirmed reports, not independent verification. Coverage, eligibility, damage values and insurer deadlines have not been determined. ReadyRelief has not contacted an insurer or submitted a claim. Collect information only when safe; do not enter unsafe premises or handle hazards for photographs. Original attachments may contain EXIF/GPS metadata. No production-grade document security is provided.

Questions and next steps

Confirm which forms and evidence your insurer requires and how to submit them.

Ask which procedures and deadlines apply to your policy; none are determined here.

Ask how your policy addresses the reported circumstances; coverage is not determined here.

Clarify what to record before repairs or replacing items, without entering unsafe premises.

Optional information to add

Add only information useful to your discussion. These are optional preparation prompts, not requirements.

Policy and incident: check your policy documents and add missing policy or incident details when available.

Supporting records: add existing photographs, receipts or estimates if available and safe to obtain. Keep notes of insurer discussions and agreed follow-up steps.
